To the members of the Zonta Club of Rockhampton Inc,

I would like to extend my sincere gratitude to you for allowing me to receive the Paramedic Science Encouragement Prize. I am proud to be this year's recipient and appreciate the award very much.

As an external student, the challenge of successfully balancing university study, full-time work and family life can be difficult. Receiving this encouragement award and the recognition that my hard work throughout the past academic year has paid off, is an excellent motivator for me to continue striving towards doing my very best.

I would also like to sincerely thank you for the generous monetary prize that comes with the award. This \$500 will be of great benefit to me, as it will cover the costs of my required textbooks over the forthcoming year.

Studying to be a Paramedic is something I am passionate about, and I look forward to the day where I can put my skills to use and be there for members of our community in their time of need. Thank you again for your generosity and in helping me achieve my goals.

Yours Sincerely,

Danielle Porter
Paramedic Science Student
