

Meet Zonta's Blackall Range club

MAYBE you've seen the Zonta Hinterland Business Directory (published since 2008!), noticed the Range turning orange for 16 Days of Activism to end violence against women, found your favourite garden additions at the Zonta plant stalls in Maleny - and wondered what it's all about?

Zonta Club of the Blackall Range was chartered in 1997. It is part of the global organisation, Zonta International, founded over 105 years ago to "build a better world for women and girls" by expanding their access to education, health care, economic opportunities, and safe living conditions.

If you are keen to know

more about the Zonta Club of Blackall Range, and their local and international service, everyone is welcome to join them for a 'Meet Zonta' casual cuppa

and chat in Mapleton 1pm on Wednesday March 12, at La Botiga Café. Also see: www.bit.ly.ZontaBlackallRange

Blackall Range member and former president, Alison Huth.
